ASX Release: PGM

Platina completes Placement to further Owendale development

Platina Resources Limited (ASX: PGM) is pleased to announce the completion of a private placement of 6 million PGM shares to two long-standing Platina shareholders.

The placement to the Hong Kong-based shareholders was completed at a price of 6.5 cents per share to raise \$390,000. The pricing of the placement was negotiated between management and the participants on 1 June 2016 with finalisation and receipt of the executed paperwork occurring after market on 3 June 2016.

Proceeds from the Placement will be used for operational activities, including at the Company's Owendale scandium and platinum project in New South Wales, as well as for working capital.

Platina Resources Managing Director and CEO Robert Mosig said it was pleasing to receive further support from long-time shareholders.

"These funds come at an important time in the development of the Owendale project, where we are now able to progress components of our Feasibility Study," he said.

The placement follows a similar placement to another long-time PGM investor Dr Peter Woodford of Cairnglen Investments Pty Ltd. Cairnglen Investments Pty Ltd now holds 16.61% of listed shares in the Company.

The Company provides notice pursuant to ASX Listing Rule 3.10.5A that:

(a) Dilution to existing shareholders as a result of the issue

The Company issued 6,000,000 shares under Listing Rule 7.1A. This resulted in the following dilution to existing shareholders:

Placement issue under Listing Rule 7.1A	6,000,000	3.36%
Total Shares on Issue	178,826,235	

(b) Where the equity securities are issued for cash consideration, a statement of the reasons why the eligible entity issued the equity securities as a placement under rule 7.1A and not as (or in addition to) a pro rata issue or other type of issue in which existing ordinary security holders would have been eligible to participate.

The Company issued shares to the sophisticated investors as it was considered to be the most efficient and expedient method for raising the funds required to achieve the stated objectives

(c) Details of any underwriting arrangements, including any fees payable to the underwriter.

The placement was not underwritten.

(d) Any other fees or costs incurred in connection with the issue

Apart from ASX related security listing fees and share registry fees, no other fees or costs were incurred in connection with the issue.
